

Fall 1901

Alabama  
Nursery  
Company

(Incorporated)

Huntsville, Alabama

E. A. CHASE, PRESIDENT

H. S. CHASE, TREASURER

H. B. CHASE, SECRETARY

"Chase's Alabama Grown"

Presented to the L. H. Bailey Hortorium  
by the Missouri Botanical Garden, 1972.

Huntsville, Ala., August 15th, 1901.

To the Wholesale Trade:

For the Fall 1901 and Spring 1902 we have a very complete stock to offer and herewith submit our prices. Quality of goods considered we believe our prices are as low as can be named. "CHASE'S ALABAMA GROWN" is becoming, much to our satisfaction, a phrase of considerable meaning throughout the wholesale nursery trade. Rest assured that our best efforts will be given to adding to its prestige. We thank each and all of our customers for their liberal patronage the past year and solicit your correspondence regarding present or future needs.

Yours very truly,  
ALABAMA NURSERY COMPANY.

---

## References.

For the convenience of those who do not know us, we refer to any of the Banks or business houses of Huntsville, or to the Commercial Agencies, or any of the leading nursery firms of the United States. & &

WHOLESALE PRICE LIST  
OF THE  
Alabama  
Nursery  
Company

(INCORPORATED)

HUNTSVILLE, ALABAMA.

---

We grow Nursery Stock to sell at WHOLESALE. We do not intend to send our lists to planters or to parties not entitled to them. We hear complaints of Nurserymen sending trade lists to parties not entitled to them. If our lists go to such parties, it is an error which we will THANK YOU TO CORRECT by advising us of parties name and address.

---

ALL TELEGRAMS ARE TRANSMITTED BY TELEPHONE

## For Your Information.

WE WOULD SUGGEST that parties with whom we have never had dealing, send us their orders in time for us to communicate with their references before they want stock shipped. We cannot accept orders from such parties without cash in advance, satisfactory security or references, and we mention this to avoid any unnecessary delay on rush orders during the packing season.

EACH ORDER is handled separately. After lifting the trees are sent immediately to our large cellar where they are GRADED AND BUNCED UNDER COVER, exposure is reduced to a minimum and customers may depend upon receiving stock fresh, sound and in perfect condition.

TELEGRAPHIC ORDERS usually filled same day they are received. Use Nurseryman's Telegraphic Code.

STORAGE FACILITIES. We have here in Huntsville a cold storage warehouse with a capacity of 20 car-loads and can hold stock here for bulk shipments in perfect condition until March 15th to 20th. We take particular pains in storing our trees, using moss all through the roots as we would in packing cases, and customers are sure of receiving trees with their vitality unimpaired.

PACKING. This important part of the business is under the personal supervision of MR. R. C. CHASE. Many compliments from customers on our method of packing reach us each season. It is as thoroughly done as possible and you may depend on the goods reaching you in prime condition.

IT IS NOT our ambition to be a low-priced house, but we strive to grow stock that is FIRST-CLASS, TO GRADE ACCURATELY, to have the handling and packing as good AS THE BEST. We expect to sell on the market. We believe this is the way to hold your trade.

TEN, HUNDRED AND THOUSAND RATES. We make three rates to apply as follows: On orders for 50 trees and over (up to 300) WHEN NOT LESS THAN TEN TREES OF A VARIETY, the Hundred rate will be charged. On orders for 300 trees and over WHEN NOT LESS THAN 10 TREES OF A VARIETY, the Thousand rate will be charged. On all orders of less than 50 trees the Ten rate will be charged.

## **Guarantee of Genuineness.**

We exercise the greatest care to keep our varieties **PURE** and **TRUE** to name, and we hold ourselves in readiness at all times to replace, on proper proof, all stock that may prove otherwise, or refund the amount paid; but it is mutually agreed between the purchaser and ourselves that we shall not at any time be liable for any amount greater than the original price of the goods.

## **Packing and Packing Cases.**

Our packing season usually begins October 1st, and continues through the winter until March 1st.

The cost of cases seven and one-half to nine feet long, thirty inches, is \$2.50; twenty-four inches, \$2.00; eighteen inches, \$1.50. Bales, 25 cents to 75 cents. No charge for drayage.

Bales cost a higher rate of freight; so, as far as possible, we ship in cases.

## **Shipping.**

Please state how goods must be sent; whether by freight or express; also route. If no directions are given, we will ship as we think best serves customers' interests without assuming responsibility. The risk and cost of transportation belong to purchaser.

## **Grades.**

We grade carefully; in some cases by caliper, others by height. When by both, the caliper must govern. The lower number is included, and the higher number excluded. For instance, in a grade from four to five feet four feet trees are included, but five feet go into the next grade. If plump five feet trees are wanted, the order must be for five to six feet. When possible we prefer to send samples to prospective customers.

## **Caution.**

We accept all orders upon the condition that they shall be void should any injury befall the stock from frost, hail, storm, fire, or other causes over which we have no control.

## **Claims.**

All claims must be made immediately on receipt of goods, or they will not be allowed.

**Time**—If possible, give us a few days notice before you want stock shipped. We will ship your goods on the day specified if possible.

**Cipher**—For convenience in Telegraphing, a Cipher word in *Italic* type is given for each grade.

## MULBERRY

### One Year, Whips

6 to 8 feet	<i>Melt</i>	\$ 1.75	\$ 15.00	-----
5 to 6 feet	<i>Member</i>	1.50	12.50	-----
4 to 5 feet	<i>Mend</i>	1.25	10.00	-----

### New American

The New American Mulberry is of New York origin and is perfectly hardy there. We regard it as the best of all the Mulberries. Fruit larger and of much better quality than Hick's, and is a perfect "everbearing" sort, ripening its fruit from June until frost. Very prolific.

## PERSIMMONS

Tane-nashi

Hyakume

Yemon

## APPLE SEEDLINGS

Our Apple Seedlings are grown on contract in the West. A car of high grade stock will reach Huntsville in December. Write for prices.

## PEACH SEED

The small Naturals from Tennessee and North Carolina. Prices upon application. State how many bushels you want.

## SAN JOSE SCALE AND FUMIGATION

Our Nurseries are absolutely free from San Jose Scale and as far as known it does not exist in this locality. For full report on this section see Bulletin No. 12 New Series U. S. Dept. of Agriculture Division of Entomology, issued by L. O. Howard, U. S. Entomologist, at Wash.

Huntsville is mentioned particularly in this bulletin and it will allay all fear of San Jose Scale being found on "CHASE'S ALABAMA GROWN." Our Nurseries have been examined; see Certificate on back of Cover. When necessary, Certificates will be attached to shipments.

We have a model fumigating plant and treat all stock destined to states requiring fumigation. Will fumigate orders from any point when requested by our customers—Hydrocyanic Acid Gas used.

We call special attention to the assortment of Roses, Huntsville grown for Fall shipment. It is seldom that extra heavy two year plants of Meteor, Bride, Bridesmaid, etc., can be had. The plants we offer this year are the finest we have ever seen.

## GRAPE VINES

---

We use only the best grade of French Pear Stocks and all our Pears both one and two years have an exceptionally fine root system, not to be compared with piece root grafted stock.

---

Have you seen the CHASE TREE COUNTER? It is a money saver and our booklet (free for the asking) will give you full information. In use now by sixty of the progressive nurserymen of the country.

---

If you can possibly avoid it do not wait until the last moment before placing your order. If we have the orders on the books several days before shipping date we can handle the business to much better advantage and with a greater degree of satisfaction to both of us.

---

**BOX LINING PAPER**—For lining boxes to protect contents from frost. Best quality, tough fiber, 40 inches wide, put up in rolls of about 100 lbs. Price per pound 5½ cents, cannot break rolls.

## Nurserymen's Supplies.

Shipment same day order reaches us as a rule. One days delay on orders for printed matter. Our specialties are Sheet Steel Box Straps, Mule Skin Mittens and Shipping Tags.

If you have never used the Mittens during packing time you should try a pair, once used always used is the general rule. We are selling 200 dozen pairs per season.

### Burlap.

A good heavy article, (8 oz.)	
40 inches wide, per yard.....	\$0.06½
40 inches wide, Full Piece (200 yards) per yd ..	.05½

Per 1000 .....	2.15
Printed two sides, per 500.....	2.00
Per 1000 .....	2.85

Always send copy showing how tags are to be printed.

## Testimonials

NEBRASKA, May 6th, 1901—"Inclosed find draft for \$41.00 for box of trees. Permit me to say that they came in prime condition and were fully up to the grade. I have been a little afraid to buy Southern stock boxed as I feared too long, but I shall not be in the future. Trust you have looked me up and that I shall have no trouble to order by telegram in future."

MISSOURI, March 25th, 1901—"Shipment of Plum trees from you received today and were found to be in good condition. I will remember you when in need of trees again."

NEBRASKA, March 23rd, 1901—"Car of trees arrived in excellent condition."

MISSOURI, March 25th 1901—"Trees you shipped me received on the 21st in good condition and opened up with entire satisfaction."

MISSOURI, March 25th, 1901—"The Barberry, Honeysuckle and Magnolia arrived in good shape and were satisfactory."

ALABAMA, March 30th, 1901—"Inclosed find check to cover account. Your stock gives satisfaction and you may consider us your customer as long as we continue the business."

TENNESSEE, April 1st, 1901—"Inclosed find check for \$98.38 for trees bought this Spring. They were first-class in every respect and gave entire satisfaction on delivery."

NEBRASKA, April 5th, 1901—"Shipment of seven boxes received. Opened up in good shape. Trees are well rooted and nicely branched. We are pleased."

COLORADO, April 6th, 1901—"Got all of the six boxes of trees unpacked yesterday. All in fine condition and stock is excellent."

CONNECTICUT, April 9th, 1901—"The shipments you have made us have now all arrived and with a few exceptions the stock has arrived in very good condition. Your system of keeping your eye (figuratively) on so much stock is a marvel of completeness."

MICHIGAN, April 11th, 1901—"Your two boxes received and opened up all O. K."

IOWA, April 11th, 1901—"Stock ordered of you received in good condition. Thanks for prompt shipment."

KANSAS, April 12th, 1901—"Stock opened up all right and in good condition."

KANSAS, July 15th, 1901—"Inclosed find draft to balance account. It was the middle of April before we could do much and when the last box from you reached me it was too late. I however planted out the stock which came in prime condition notwithstanding its long tarry at St. Louis, and I have not lost 25 trees out of the over 800 which that box contained and they are now growing finely."

## **A Few Words About Rush Orders and Express Shipments.**

As we have stated elsewhere in this List, we would advise that orders for stock be placed as early as possible, yet we know that unexpected orders at packing time very often reduce the Nurserymen's supply and assortment and it is imperative that he have stock at once.

We are very conveniently situated for supplying your needs on short notice, being located accessably to express and freight offices. A telegram which will be transmitted to our office by telephone will do the business and goods will usually move same day, if not, you will receive notice by wire. Our assortment is complete and we feel that our facilities for handling this class of business are the very best.

We give below the leaving time of Express Trains from Huntsville:

For the West and South, via Memphis and Birmingham, 11:30 A. M.; 12:30 A. M.

For the West and North, via Nashville and St. Louis, 1:40 P. M.

For the East and North, via Chattanooga and Cincinnati, 2:35 A. M.; 6:07 P. M.

For the South, via Chattanooga and Atlanta, 2:35 A. M.; 6:07 P. M.

We are fifteen hours ride from Cincinnati, eighteen from St. Louis.

## **Entomologist's Certificate.**

---

This is to certify that on the 6th day of June, 1901, I personally examined the Nurseries of the Alabama Nursery Company at Huntsville, Alabama, and found their stock apparently free from San Jose Scale, Peach Yellows, Rosette or other pernicious insects or contagious plant diseases.

[Signed] C. F. AUSTIN,  
Acting State Nursery Inspector.
